Freelancing

Designing apps, websites, and marketing collateral for various industries

[Ameersavage.com](#) July 2019 – Ongoing

VShift – Lead UX & UI Designer (1.5 Yrs)

Led design for online investing platforms, marketing sites, and customer portal

Implemented workflow improvements and oversight (software, collaboration, etc)

Encouraged industry forward design thinking (i.e. lean agile process, motion design)

Interfaced directly with clients to review designs and implement feedback

[VShift.com](#) Apr 2018 - July 2019

Tradelt – UX & UI Designer (1.5 Yrs)

Consulted as a design partner for 80+ fintech partners – Yahoo, BlackRock, Bloomberg

Designed products end-to-end from research to prototypes and animating UI

Created pitch decks, merchandise, style guides, websites, and a developers portal

Led all projects as the only designer working with every department

[Trade.it](#) Aug 2016 - Feb 2018

Google – Designer & Developer (2 Yrs)

Designed, developed, and maintained internal and external marketing sites

High-profile launches across G Suite, Google I/O, and Material Design

Lead projects resolving over 250 bug requests across Google.com

First member hired for a new team grown to over 40 googlers

[Google.com](#) Jan 2014 - Jan 2016

Spire – UX & UI Designer (6 Mo)

Conceptualized a health tech user experience directly with founders

Designed presentations and promo for stakeholder pitches

Prototyped UI studies for regular consumer feedback

Led as the only designer in a team of 6

[Spire.io](#) Jul 2013 - Dec 2013

Cooper – Visual Design Intern (6 Mo)

Designed app UI for noteworthy clients – United Airlines, Artis

Designed responsive case study webpages for Cooper.com

Participated in client meetings of design review

Attended Cooper U's interactive design practicum
